DO NOT SHOVEL OR SNOW BLOW INTO STREET.

CHRISTMAS TREE PICKUP

Christmas tree pick up will be during the first two weeks of January.

WINTER PARKING

Effective December 1 - April 1, winter parking restrictions will be in effect. This parking restriction applies to the hours of 11:00 pm - 6:00 am

What does this mean?

On the "odd" calendar number day of the week, vehicles must be parked on the odd addressed side of the street. On the "even" calendar number day of the week, vehicles must be parked on the even side of the street. If you are parked on the wrong side of the street, you are at risk of receiving a parking ticket.

For Example:

It's 11:30 p.m. on the 15th of December. The number 15 is an odd number, so you would park on the odd addressed side of the street. One thing to remember is, if it is after midnight, you need to go by what that calendar number day **was** at 11:00 p.m.

WINTER DRIVING TIPS FROM AAA

Severe weather can be both frightening and dangerous for automobile travel. Motorists should know the safety rules for dealing with winter road emergencies. AAA reminds motorists to be cautious while driving in adverse weather.

AAA recommends the following winter driving tips:

- Avoid driving while you're fatigued. Getting the proper amount of rest before taking on winter weather tasks reduces driving risks.
- Never warm up a vehicle in an enclosed area, such as a garage.
- Make certain your tires are properly inflated.
- Never mix radial tires with other tire types.
- Keep your gas tank at least half full to avoid gas line freeze-up.
- If possible, avoid using your parking brake in cold, rainy and snowy weather.
- Do not use cruise control when driving on any slippery surface (wet, ice, sand).
- Always look and steer where you want to go.
- Use your seat belt every time you get into your vehicle.
