

CONTAINER REGULATIONS

The City of West Bend offers a cart collection program for refuse. Owners of all newly constructed homes or homes that change ownership **require** the buyer to purchase a refuse cart. These carts are automated lifted and come with a 10-year limited manufacturer's warranty. Prices and dimensions of refuse carts are as follows:

65 Gallon

Height: 42"
Width: 26.5"
Depth: 28"
Max Capacity: 227 lbs
Price: \$60.50

95 Gallon

Height: 45"
Width: 28"
Depth: 34"
Max Capacity: 332.5 lbs
Price: 65.50

Note: A fee of \$10 will be added to all carts that are delivered.

Refuse containers may be purchased at 251 Municipal Drive during regular business hours 7: 00 AM – 3:30 PM. For further information, call the Department of Public Works at 335-5079.

The following regulations apply to other types of containers:

Single Units up to Three Units:

Garbage containers may be either metal or plastic, designed for the express purpose of containing refuse, and **shall not exceed a 32 gallon capacity.**

- Plastic bags may be used.
- The total weight of any container and materials combined shall **not exceed 50 pounds.**

Four Unit Dwellings and Condominiums:

- If dumpsters are utilized they must have a 2 cubic yard capacity, covers, and 4 swivel wheels. If carts are desired for 4 unit dwellings they must be placed at curbside on collection day.
- There must be a sufficient number of dumpsters or carts so that all refuse generated within the weekly collection period can be placed inside the receptacles.
- All containers shall be kept reasonably clean and in good repair.

Garbage not placed in proper containers will not be collected.
