City Forestry personnel will identify and mark all available planting sites at this location. The City will hire a contractor to plant, stake and mulch the tree(s). The Contractor will be responsible for watering these newly planted tree(s) during the first year. However, the City and Contractor appreciate any watering the resident can also provide for the tree(s) to aid in their health and survival.

Typically, trees will require 15-20 gallons of water, twice a week through the first two or three growing seasons.

All planting locations will be checked before and after the trees are planted.

Return completed application to the Park, Recreation and Forestry Department, 1115 South Main Street, West Bend, WI 53095. If you have any questions or concerns, please contact the Park, Recreation and Forestry Department office at 335-5080.
